

USED CARS

Since we find great deals on our cars through private parties and dealer-only auctions, we can bring that same great deal back to you, the customer. All our cars are checked out and inspected by our authorized technician before it comes on the lot. We price our vehicles below market value so you can feel confident that you're getting the best deal out there without having to break the bank.

"I've always to get used cars. I've dealt with used car salesmen before and they are usually scummy. These guys are some of the best I have ever met and were honest with. They will tell you everything about the vehicles and they will treat you right. It's hard to really find someone this open and caring!"

We want to make buying a car from a dealership easy and affordable. We know how annoying and time consuming it can take when going to a dealership to buy a car and we would like to avoid that and make it a hassle-free visit when you come onto our lot.

We always price our cars below market value because we don't want you to feel like you have to take out a loan to afford a vehicle. Most of our vehicles you can purchase for less than \$5,000. We are a very family and student conscious business because we ourselves are students and have families and know that is an important aspect when considering buying a vehicle.

We grew up in the shop with our papa Mel. He was always having people over buying and selling things. We loved spending time with him and meeting new people along the way. There was always a new project and he was doing something to help another person out.

He was an airplane mechanic during the Vietnam war and taught us a lot of things throughout high school. We really enjoy helping people out and want to keep doing what our papa Mel use to do when we were kids.

If you are looking for a thermal-protection coat deal, please feel free to stop by any time between 11-4 p.m. Monday-Friday.

If you are unable to stop by, please call or text any time and we are more than happy to come in earlier, later, or on Saturday if that is something you need.

We grew up together working on cars and love being outdoors. We love snowboarding up at Sugarloaf during the winter. We are both married and have beautiful baby girls!

Ben Rosen is the owner and had the idea to start Steal of a Deal Auto Sales. Coffin Howard is the co-owner and long-time friend of Ben. Both are currently taking business classes at BYU-Idaho and are pursuing a Bachelor's degree in business.

Ben is a Washington state native who loves spending time finding great deals on cars and toys snowboarding in the winter time with his wife Miranda and daughter Addie. Currently pursuing a Bachelor's in Business.

Collin is also a Watlington native and long time friend of Bert. Loves anything outdoor and spending time with his wife Savannah and daughter Henry. Currently pursuing a Bachelor in Business.
